

JOHN RENDELL CANTERAS

WORK EXPERIENCE

Blue Hive Inc.

Front End Developer Intern | Nov 2023 - Apr 2024

- Teamed up with a senior developer to construct a project centered around a Self-ordering kiosk app, with a primary focus on implementing NextJS for the frontend.
- Showcased strong analytical and problem-solving skills as a frontend developer through technical issue handling, code troubleshooting, and workflow optimization.
- Enhanced communication skills through active engagement in team discussions and collaborative coding sessions.
- Effectively communicated with team members and stakeholders to ensure clarity on development objectives and timelines.

RELEVANT PROJECTS

Hayabusa Philippines

<https://hayabusafight.net.ph/>

- Collaborated with a fellow intern during a complete revamp of the Hayabusa Philippines website. Worked extensively with clients to understand their requirements and adeptly implemented solutions using Shopify platform

Kiwi Kiosk

Self-ordering kiosk app

- Barikata Ramen Bar
- Bonchon Philipines
- Shokudo Restaurant
- Ramen Santouka Philipines

Libre Application

IVMS-MMDA Website

Quality Assurance

- Examine the website and check for possible bugs in the features across the website, Android, and iOS platforms
- Collaborate and discuss with our senior team members to fix the bugs that we find.
